Tyrone Perry ----- Appellant

v

SCDC ----- Respondent

NOTICE OF APPEAL

I Tyrone Perry appeal the order [judgment] of Deniel Coble that's NOT dated. Appellant received written notice of entry of this order on January 17th 2025. The Appellant filed a 59(c) and 59(b) motion the same day of January 17, 2025. No ruling has been made on these motions. The Circuit court judge failed to rule on all issues raised and the Appellant knows issues can't be raised for the first time on appeal that don't get adjudicated. For three months the Appellant has informed the Court of Appeals they don't have jurisdiction due to the post trial motions and matters of Otten-v-Otten 337 SE2d 207, Hudson-v-Hudson 349 SE2d 341, and Wicker-v-Anderson Cty 347 SE2d 96, but the Court of Appeals has disregarded this precedent and dismissed yet denying me judicial review due to all issues were NOT ruled on. Copies of such said motions are on file with the Circuit Court and Court of Appeals with still NO ruling on them.
