This letter concerns my pending case in the court of appeals 2025-000652 for a probation violation I was arrested for on 1/30/25.

SC Court of Appeals

The Judge in my case found that although I was in the Hospital with a high fever of 103 on Dec 10th 2024 and missed a court hearing about my probation, according to him I willfully violated my probation even though I was confined to bed at that time?

Also even after asking for a public defender and doing the necessary paperwork on 1/31/25 at the Horry County Detention center at my court hearing I had no counsel and was forced to represent myself. Thus my appeal for ineffective council pending.

Please take into account this happened after speaking to my probation agent Markle FROD, my Hospital room via phone I had a severe infection in my groin and underwent emergency surgery on December 9th the night I was admitted.

The other stipulation of my probation was that I complete a anger management course of which I had completed 17 weeks at 3 Trees in Rock Hill SC via video classes before I was wrongfully terminated stemming from a arrest warrant for being in N.C. With my current Wife at the time.

Mrs Sherry Cochran

The point being that I Never willingly violated any of my probation stipulations. and all of this could have easily been avoided with just a little understanding from the SEDPP. I ask that you grant my appeal with a new trial with Council.

May God Bless You Ma'am

Respectfully, [Signature]
