I have not received a response to my objections to Appellant's Designation of Matters on appeal. As mentioned in my letter, Appellant has designated material not presented or raised to the trial court at the hearing giving rise to the order appealed from. Accordingly, I ask that Appellant's Designation be stricken.

I have attached correspondence to the Appellant asking him to strike Items 5, 6 and 8 because the materials associated with each were not considered by the Judge issuing the ruling appealed from.
