Greetings,

My apologies if I didn't properly word my request in my previous letter. I was not asking for the worker's compensation address and contact information. My case, appellate # 2024-002017, has been remitted to the lower court or tribunal. I was asking for the name, address, and contact number for the Lower Court or Tribunal my case was remitted to. My apologies for any inconvenience. Thanks for your time.

Aswan Holmes
