Dear Sir or Ma'am,

My name is Ricky Masters II. I have attached documents explaining my situation covering from January of 2014 until present day. I would like to say that what you are going to find in these documents is a detailed report that will clarify some current situations and why they are situations. I believe that my patterns in history will show that we as a family have used resources and innovation to swim through the deepest waters we have encountered without help. We have a lot of "help" in describing the waters we are in and the dangers that lay ahead, meanwhile "help" under our definition is being described as "we will get right on this", "we will in a timely manner" and meanwhile those dangers are not only present but making valiant efforts in ending our ability to stay afloat! We are steadfast as long as we know our hope has value but reality is taking a hold that may have us representing a martyr status of "how" not to let veterans or "we the people" be left for another statistic of "what could have"! I will say that we will survive and our story will be worth telling, even if just for the "how" when you dig in and see what was accomplished with the nothing we've had! Knowledge is power and the will, well its just that, isn't it! Thank you for your time and I look forward to hearing from you!

Dear Sir or Ma'am

I just wanted to add that I received a call today from FEMA (202) 674-2512 and was cut off after just a couple of minutes without being able to get back in touch with them. I left my name and number on the voicemail. Our homeowners insurance company (Foremost) did finally come out last Friday (05/02/2025) and the adjuster said it would take a couple of days to get the paperwork completed. We have not had a response to 2 follow-up emails. Thanks again for your time and I look forward to hearing from you!

Dear Sir or Ma'am

I do have an addition, since there has been no communication I am reluctant to send but I am left with no options left unexamined so here is a court order from the Master in Equity of York county, York, South Carolina and it has been ordered in the foreclosure by the judge to sell our property on June 6th of 2025. The land was given to my wife from her dad and as you should know I have been unable to make an income since Novemeber of 2022 and we have been living on my wifes disability of 1700 a month since. We have informed the mortgage company of our financial status change and medical situation all along with no help to remodify the loan or adjust the interest or the payments to help with our new medical and financial situation and now it has come to this and I hope I don't pile to the stats of a veteran (US ARMY & US NAVY) getting evicted from heritage property as well as dying due to medical condition that will no longer be able to attain SOP for proper healing. Thank you for your time and i Pray to hear from you soon!

Re: bankruptcy

Dear Mr. Masters:

Your case was reviewed and accepted for **advice only**. You called South Carolina Legal Services' (SCLS) wanting to file for bankruptcy. You do not want to lose your home.

You are buying your home. Your mortgage payment is \$863.37 a month. The home was foreclosed on in November 2024. Your monthly income is \$1700 per month.

You need to file a Chapter 13 bankruptcy because you are behind in your house payments. The filing fee for a Chapter 13 bankruptcy is **\$313.00**. **You must have enough money coming in to pay the Chapter 13 plan payment and your mortgage payment each month. You must also have enough money to pay for your monthly living costs (food, utilities, gas, etc.).**

It does not appear that you have enough money coming in to pay for your living costs each month. You would have to be able to pay a required amount on the arrears and your current monthly mortgage payment in order for a Chapter 13 bankruptcy to help you. **We do not believe that you have enough money to file a successful Chapter 13 bankruptcy now. I will not be filing a Chapter 13 bankruptcy for you. My decision not to file a bankruptcy for you is based on you not having the money needed to make a Chapter 13 plan payment.** This is only my opinion. You may be able to find a bankruptcy attorney who is willing to represent you that differs with my understanding of the bankruptcy laws and the facts you gave during your intake.

Your home is set to be sold on February 3rd. **In order to save the home, you must file bankruptcy by February 3rd.** If you do not file bankruptcy, the home will likely be sold on February 3rd. You may file bankruptcy on your own. You would file with the US Bankruptcy Court in South Carolina. I have enclosed some FAQs from the Bankruptcy court's website regarding filing on your own.
