To Attorney General Alan Wilson and Governor Henry McMaster: You are now on record of your office being made aware of these malicious violations of the 4th and 5th amendments, violation of right to due process, identity fraud, and fraud upon the court, and therefore , have been made just as liable as FREEDOM MORTGAGE CORPORATION and its attorneys and the Master in Equity, for the consequences if these fraudulent actions are allowed to proceed unhindered. You would not be violating your Oath of Office by forcing the overturn of this fraudulent procedure. Where there is silence, there is fraud. Your silence on this matter makes you complicit with the fraudulent actions.
