Mr. Rivers,

This responds to your previous email asking for clarification on our docket sheet filings. The document attached to the C-Track event “Supreme Court of the United States – Notice that Certiorari Denied” is a letter informing this Court that certiorari was denied before the Supreme Court of the United States. If you are seeing a different document, perhaps refreshing the web page will help. As to the US Supreme Court informing you that they do not send out written notices, this Court cannot speak to their rules and the specifics of their filing procedures.

Sincerely,
