CLERK OF COURT
COLUMBIA, SC

Motion of Relief

I, Tony Clark, Appellate in this civil case is requesting to file a motion of relief from this Court on this judgment matter due to lack of knowledge with judgment order as

I had an understanding that I had until the 5th of every month specifically, this month June 5 to pay past due and origin rent due. However, request to dissolve my stay has been filed on June 2nd. Landlord offered to waive the past due for Court bond with rent ongoing falling into June 1st.

I have also filed for bankruptcy due to falling behind in debts. The Court of Appeals is also overseeing this matter. I do ask the circuit court for a motion of relief as I recover my debts, and cover past due rent.
