Petition to Appellate Court

SC Court of Appeals

Appellant now moves before the Appellate court to voice concerns in relation to order filed Apr 28, 2025. Petitioner case has been dismissed by appellate court for certain deficiencies in relations to petitioner's case, in moving forward petitioner would like to inform the court that petitioner has complied with the the rules of the appellate court. There was a deficiency letter sent out but due to the letter being sent to the incorrect address petitioner was not given the proper notice to correct the deficiencies. There was a letter via e-mail sent in to the appellate court addressing the court that petitioner never recieved that letter & a request was sent asking for a rehearing in relation to above case matter, along with the correct address where appellate can be reach for future correspondences, also attached to letter was the order from the lower court judge Bentley Do Price. It is not understood why there was not any correspondence in relations to petitioner's letter, but this order dismissing appellant case was not warranted & appellant lack of notice should be taken into consideration. Never being denied or granted a rehearing or properly served notice has hindered appellant. Due process rights of being given proper notice extinguishing Petitioner from receiving any relief in his case. In closing appellate would like to state for the record that he is a pro se litigant currently incarcerated who is indigent. I have no possible way of showing any way of proof of service. The agency that I am currently incarcerated at does not offer that, all I have is the help of "U.S. Postal service" in which I ship my mail. It is requested that this Petition be given consideration & South Carolina Court of Appeal Check there e-mail for petitioners Petition related to above matter which was sent prior to order # 2025-000152 which is dated Apr. 28, 2025
