Nature of Motion:

The Plaintiff, Kong Jian Lin, respectfully submits this Motion for Summary Judgment, requesting the Court to rule in his favor based on fairness, justice, and a just resolution for all parties involved.

JUN 18 2025

SC Court of Appeals

Grounds for Motion:

1. Unfair Judgment by the Court:

My evidence and witness statements were not properly reviewed. The judge made a biased and unfair ruling, ignoring the actual harm and suffering I experienced. This has caused me great emotional distress.

2. Compensation for Losses:

The defendant Tony Lin harmed me and caused me to lose 33 months of work. My total lost income is \$141,300, based on an average of \$4,200 per month.

Additionally, for over a year, I have had reasonable suspicion that the defendant bribed the police and judicial officials. Police failed to investigate my claims, monitored my phone, and even blocked me from filing a restraining order, showing serious misconduct.

The defendant also continuously harassed and threatened me, forcing me to live in fear and causing a mental breakdown and serious heart problems. On December 26, 2024, I underwent heart surgery. My health and life have been seriously endangered, and I now request additional compensation of \$3,000,000 for emotional and physical suffering.

Total Compensation Requested:

Loss of work income: \$141,300

Emotional distress and health damage: \$3,000,000

Total: \$3,141,300
