Re: In the Matter of the Care and Treatment of William Deans
Appellate Case No. 2013-00879

Dear Ms. Kitchings:

This Office received the recent document from William Deans seeking to alter or amend the October 10, 2013, Order signed by Chief Judge John Few. The State takes no position on the issue of Mr. Deans' representation.

The document contains several attachments appearing to be documents filed in the circuit court. If the Court interprets Mr. Deans' motion as seeking relief on any matter other than his representation in the pending appeal, the State requests an opportunity to file a formal response as to those issues.

Sincerely,

Deborah R.J. Shupe
Senior Assistant Deputy Attorney General
