ORDER

We have before us seven petitions for writs of certiorari filed in this Court under Rule 242 of the South Carolina Appellate Court Rules. Each petition was filed by some combination of Petitioners Mohed Altrad, Altrad Investment Authority SAS, Charter Consolidated Ltd., ESAB Corporation, and Central Mining & Investment Corporation Ltd., and each arises from an order of the court of appeals dismissing an appeal on the ground the order appealed from was not immediately appealable. Each appeal and now each petition challenges some aspect of the circuit court's order appointing Peter D. Protopapas as Receiver for Defendant Cape PLC. We deny the petitions in cases 2024-000916, 2024-002114, 2024-002116, 2024-002117, and 2025-000052. In cases 2024-001423 and 2024-001499, we convert the petitions to common law writs of certiorari, and grant them pursuant to article V, section 5 of the South Carolina Constitution and section 14-3-310 of the South

Carolina Code (2017). We dispense with any briefing and remand the cases to the circuit court for all purposes, specifically including:

- (A) On May 21, this Court filed its opinion in *Welch v. Atlas Turner, Inc.*, Op. No. 28284 (S.C. Sup. Ct. filed May 21, 2025) (Howard Adv. Sh. No. 19 at 12). In that opinion, we analyzed the circuit court's jurisdiction to appoint a receiver, discussed the factual basis on which such an order must be based, and set forth limitations on the receiver's scope of authority. We also made it clear that appointing a receiver before judgment is permissible only in the "rarest" and "most extraordinary" cases. We now direct the circuit court to:
- 1) Ensure the receiver has been authorized to conduct its work by an order filed in the specific case as to which the work is to take place. The receiver is not to be authorized to conduct work as to a case in which no receiver appointment order has been filed.
 - 2) Ensure that such an order is based on findings of fact sufficient under *Welch* to justify the order, and that the receiver's scope of authority is limited as set forth in *Welch*.
 - 3) To the extent the circuit court intends to authorize the work of a receiver based on facts not found sufficient in *Welch*, or to authorize a scope of work not approved in *Welch*, the circuit court should make specific findings of fact and conclusions of law the circuit court finds justify its action.
- (B) It has come to our attention there may be motions filed in this case and other asbestos cases that have not been ruled on by the circuit court. Specifically, we understand there is a pending motion to dissolve the receivership filed September 15, 2023, and a pending motion to reconsider a "clarifying" order filed November 15, 2024, both in *Park v. Armstrong International, Inc., et al.*, 2021-CP-40-2727. To the extent that is true, we direct the circuit court to either rule on all pending motions or set forth an explanation of the reasons the court determines it should not rule at this time.
- (C) We ask that the circuit court provide this Court with a report on its progress on matters (A) and (B), including the current status of *Park* and all asbestos cases in which a receiver has been appointed, every 30 days until further order of this Court.

We address one final matter. Over the last few years, the court of appeals and this Court have received dozens of interlocutory appeals in asbestos cases such as this one. In the vast majority of those cases, the court of appeals dismissed the appeal

because the order was not an immediately appealable order, and we denied certiorari because we agreed the dismissal was proper. In fact, many of the appeals from those orders have bordered on frivolous. We will rule at a later time on any currently pending motion for sanctions, and any further frivolous appeals in these cases from interlocutory orders that are not immediately appealable will result in sanctions. In addition, the parties' filings at the court of appeals and this Court have been unnecessarily antagonistic, predominated by what one litigant in these petitions characterized as "sniping" at each other on matters that have nothing to do with the merits of the appeal. No party gains an advantage in the exercise of this inappropriate behavior. This Court and the court of appeals will not tolerate it any further. Appeals will be summarily dismissed, or requested relief will be summarily granted, if any party continues with this inappropriate behavior. Our intention is to reach and address the merits of issues properly before us without the distraction of unnecessary sniping by the lawyers, and if the lawyers persist in this sniping, appropriate sanctions will be imposed.
