To whom this may concern, SC Court of Appeals

Hey am Mr. Baxter and am asking to be granted this appeal on these grounds for appeal. A Conflict of Interest between Client and Attorney, a Violation of Fast and speedy Trial Motion, the State also Indicted me twice for the same charges and the Doctor that was hired prove there was Consensual sex.

Farther more to whom this may concern,

Mr. Jamerson, brought me before a Writings Judge to be release from my case. Cause of my several complaints. That was made to the Supreme Court and the South Carolina Bar. But, the Motion he filed was not granted. Mr. Jamerson, filed the motion after being under investigation. Because he knew it would have been difficult to lie, work against me and make my allegation seem false to the Supreme Court and South Carolina Bar and also going into trial under investigation with all this allegation hanging over his head, if he would have lost so. But him Cohercing me into taking that plea so, it would leave him in the clear. I honestly believe I w-

could have never served a day in prison if it was not for Mr. Samterson. To whom this may concern, he knew the State violated me but he didn't want to fight for me. On the trial day I brought to his memory that the state is in another violation. They violated my fast and speedy trial motion. Mr. Samterson, told me the Judge we are going in front of would not dismiss my charges because they violated a state law. The judge we went in front was Judge Hayes III. The same judge that denied a Subpoena. Because the Solicitor violated a state law. Tampering with the defense witness that was held in our favor. The Solicitor Erin Sawyer made the defense witness recant his statement to uphold the state.

To whom this may concern,

I still don't understand how the state gave me a plea with (1) count of CSC and it was (2) and the hired Doctor prove that it was "Consensual"? I ask Mr. Samterson before even signing a plea and he told me you can come back in beat it off our "Conflict of Interest".

thanks for your time and God Bless.

Sincerely

Mr. Dexter D. U.
