* Traditionally forfeiture was an action against the tainted property itself ; thus proceeded in-rem, that is, proceeding in which the thing was primarily considered as the offender or rather the offence was attached primarily to the thing ; Congress altered the distinction...

By effectively merging in-rem with in-personam criminal proceeding ; expanding forfeiture to include not just the "Thing" but property derived from any proceeds of the crime... In-rem stood independent of ; wholly unaffected by any criminal proceeding with ~~the~~ the in-personam criminal proceeding against defendant...
