Case No: 2025CV2010100128  
Letter To The Appellate Court

**RECEIVED**

**Aug 04 2025**

**SC Court of Appeals**

My 14 amendment rights are being violated. Mr. Hartman asked me for the name of the Judge that heard and ruled on the case. I told him the Honorable Judge Katina Washington and he told me he was going to call the judge. The Magistrate Court and they were also given the evidence. The Magistrate Courts was also given incriminating text messages and letters evidence submitted by Alisha Davis to the Appellate and Magistrates Court's. The text messages and letter's give statements from that Alisha on why she is and has attempted to steal my home. I am a legal heir to the property that has not been divided or surveyed and I am due a share of the property and I am the legal and sole owner of the home of 1950 Bellfield RD, Ridgeway, SC, 29130. The appellate judge affirmed the decision of the Magistrate Court. Despite the fact the judge in the lower court made an error in applying the law according to statue SS22-3-20. I am throwing myself to the mercy of the courts to please dismiss or set this judgement of the Magistrate Court and the Honorable Judge Robert Hood aside to dismiss this case and issue an injunction to Alisha Davis to be unable to file a notice to quit or eviction again. There has not been any changes since the dismissal in 2021, the property and boundary disputes have been resolved. My siblings and I are all tenants of this undivided property we inherited.

Respectfully,

*L. Vanderhall*
