Dear Clerk of Court,

Attached please find the Appellant's designation of record on appeal in the above captioned case. The brief and designation were due yesterday, August 22, and the brief was timely submitted. However, the attached designation is being filed on the 23rd due to a work interruption yesterday caused by flooding and a power outage in Charleston. Please let me know if the court would prefer that I file a formal motion asking that the attached designation be deemed timely filed. Thanks,

Ryan McKaig
