S.C. SUPREME COURT

In the Court of
Common Pleas
Eighth Judicial Circuit
Ca.#: 2024-CP-01-00375
&:

S. C. Supreme Court
in reference to
Appellate Ca.#:
2007-054-161

September 1st 2025

Once again Comes the Beligerant/applicant/Demandant: "Im Propria Persona" as an "Innocent Man" "accused" (as scripture defines accuser as: "Satan".)

"As all of my past (since 2004) unadjudicated claims (Rule 24a Appellate Rules) Stand as Fact" because of the "Unresponsive" / "Nom Responding", Respondants in Admittance to the factual claims, Unrefuted, & Undenied, NOW Unchallengeable by Law, the states Continuum of felonious Crimes & Violations of Substantial Due Process of Rights continually Unaddressed because the state knows they hold full Merit & would either prove perjury by admission or Fact by Omission!

Fact by Omission isnt as bad as Perjury
by Admission, both felonious in Nature
and Cannot because of: "Defaulted"
time limits be Refuted or Challenged by
Law"!

(A) "I seek: "Default Judgement" / Una-
-judicated claims by Law are factual
admission of charges". (But Not Limit
-ed hereforeto)

(B) "Reversal of Conviction" / "Directed
Verdict"!! (But Not Limited hereforeto)

* My July 17th 2025, 60 pg brief, & my Aug
-ust 10th 26 pg Addendum brief: "Stand
as Fact"!! as Unchallenged, They NOT
only show, but also prove: "Innocense"
& the states running to shed Innocent
blood"!

"I do find it quite interesting as Law
"Demands" "Reversal of Convictions as
otherwise it is a: "Miscarriage of Justice"
but if my Convictions are NOT overturn-
-ed, & I am Not once again Sui Juris Free
it proves Bias, & Prejudice of the Courts
but also proves Conspiracy with my Accuser
-s/ Satan, & Perjury of Oaths of office
to include the June 12th 2025 appointment
of "Bryan Sterling" as the U.S. attorney for
S.C. to cover up, & to protect McMaster, Wilson
, & others. (2)

(Fox watching the Henhouse??) Its very Much like the 4th "Circus" (Not a typo) Court issuing a "Denial of Appealability" in order to Cover up their treasomous acts of Due Process of Rights, & other Substantial Constitutional Violations!

* "If these Courts (Sprouses, & S.C. Supreme Court) find against me, & sentence me to Death, it is proof of Bias, & Prejudice as Judge Sprouse said he read my filings, (ALL) (which prove Innocens, & Merit) & would be violating his/their (S.C. Supreme Court also) Oaths of office by Not acquitting me by law because of "Numerous" Reversible Errors of Due Process/Constitutional Violations (But Not Limited hereforeto.)

* "Is the Court, & its rulings supposed to be Fair & Impartial still??? Or Bias, & Prejudice in their decisions?? Im having a difficult time determining why the Court has its own: "Tie Breaker" in Donna Maddox furthering admittance of Improprieties, & Conflicts of Interest.

* "Judge Sprouse gave me ten: "10" minutes to address the Court. Thanks! But by law /S.C. Constitution art. 4 §14...." & to be fully heard in His defense by himself or by his Counsel or Both". The Unconstitutional shrinks were given unlimited psychobabble time to their "Subjective", "Unsubstantiated" Conjecture of Theories Not Based on Facts!"

My filings on the otherhand are factual because of the states Default in the Unanswered or challenging of legally filed Documents which are: "The Rule of Law" by Law, & are Not arguable, & are superior to any Statute, Rule, ordinance, or Case Law". By Law!

* "If the Court doesn't have: "Competant Jurisdiction", doesn't that mean that it has NO Jurisdiction?? S.C. has Never had Nor Can it have Jurisdiction Under the "Rule of Law". "A Gross Usurpation of Contrived Jurisdiction does Not Jurisdiction Make"!!

* "Under the: "Rule of Law" Government was created by the people to: "Preserve, Protect, & Defend the Constitution (for we the People) against all foreign & Domestic Enemies"! "NOT to Encroach upon our Rights"! If the Government is NOT doing its sworn duty, isn't that proof of Arbitrary/Unnecessary / Ineffectual Government????

* "If by the "Rule of Law" as "Justice Requires" "Reversal of Conviction" is NOT Granted it is admittance by said Courts of Aiding & abetting the "Accuser" / Satan in the "Miscarriage of Justice", & Acts of Treason!

* "April 21st 2025: The U.S. Supreme Court said "when you trample on one mans Constitutional Rights, you trample on every mans Constitutional Rights". (Rule of Law)

It's really easy, & should cause no Comert
-ion or adversity to follow your sworn
oaths &: "Aquit" me by Law, & return me
"Sui-juris" Free, as Discovery proves
My: "Total Innocence" & justified by the
"Rule of Law" my "Re-Actions 12/08/03
against "Belomious trespassers" Imaubord
-inate, Aggressors who attacked without
Right, without Warrant, without Probab
-le Cause in Reckless Disregard of Law
in attempt to Murder Arthur W., Rita
D. & Steven Bixby for the theft of
Private Personal Property the state
had/has "NO" Right of Way too! S.C Law
is clear on that also a: "Plat & Deed"
are Law"!! Dad & Mom have Both! (It
is also part of states Discovery)

Conclusion:

I've proven, & the Prosecution
has admitted through Omission
, & admissiom Under Rule 24a, &
55.2 of the charges against them
since 12/05/03 (to whom it may concern
letter) The Bixbys "Total Innocence"
"Set Me Free"!

* "The only thing Needed for Evil to
Prevail, is Good men to do Nothing."
Edmund Burke

To adjudicate by the "Rule of Law"
the Court Must address the "elephants"
in the Room!

(A) "Jurisdiction!" Does not have "Nor
can it have as a party to its own suit"

(B) "Default judgement" / "Directed Verdict"
Reversal of Convictions as Void-ab-
-initio because of No Jurisdiction?

(C) "Restitution: Tregavarant v. Tampa"
"But Not Limited heretofore"

I have ZERO Diplomacy, & "Offensivity"
is My Forte" But facts are facts!!

"I am An Innocent Man" !!

"Let My Freedoms Ring, & let those
Committing Treason Swing" !!!
Like Thomas Jefferson: "I am stand-
-ing on Principle even if I stand alone"

This 1st Day of Sept. 2025

Sincerely & am

Yours Sincerely
