Hello Emily,

How are you doing today?

We filed a couple of motions for clarification from the Court of Appeals about the jurisdiction and about the October 6, 2025, virtual hearing.

As you know, the lower court, Dorchester County, scheduled many hearings—14 in total—for October 6, 2025

Half of those motions have already been heard in the past by a different judge, Judge Murphy, and have already been ruled upon.

One of them also contains the Writ of Supersede issue that expired 08/28/2025.

To my understanding, the jurisdiction is still with the Court of Appeals.

If that is the case, the lower court, Dorchester County, does not have any legal authority to hear any of those motions on October 6, 2025

Should we participate in this virtual hearing on October 6, or should we object, given that we have filed motions with the Court of Appeals for clarification on this matter? We need to know if it is Legal for the lower court, Dorchester County, to proceed in this way.

If it is not, then we should not have to argue or object during this hearing but instead be prepared appropriately.

Please try to get our message to the judge so we can have a better understanding of this matter.

Thanks again
