This is the initial filing as my reply to the return on my motion to strike. It shows that the title Was perhaps misleading.

And again, I would like to remind the court that I was denied the right to a Public Defender, after being approved for a public defender, because probate judge Danny Singleton determined in court at the time of trial that my trial was civil. The Public Defender himself showed up in court, and then left me alone, my continuance was denied, and I was forced to proceed pro se where I was sentenced to 50 days in jail.

I pray that this court has significant forgiveness in any clumsiness that I display as I do my best to figure out how to be my own attorney after being stripped of my constitutional rights to one.

Thank you,  
Jason
