Court of Appeal

Case# 2025-000343

I Djuan Holland am responding again to Morgan R Dunn opposing to my Motion to Reinstate my Appeal and to clear some things that are facts, since Morgan R Dunn seems not to believe facts and is always saying that I allege speaking to people here at the court of Appeal and not providing names well today I'm going to do more than just provide a name I'm also providing my phone record with dates and times and how long the phone call lasted when I was speaking with staff from the court but didn't remember names, so this morning I called and spoke with Ms. Shelby Spencer which you will see on the call log about my appeal and the \$ 50 that is due which I was informed by Ms. Spencer that I really have until November 19, 2025 which was sent off today November 18, 2025 Ms. Spencer has made a note on my account about our conversation. Morgan R Dunn is always speaking about not in good faith, not supporting facts, and always attacking her personally not I don't be attacking her that I point out the truth that she doesn't tell just like when she filed and said that I didn't pay my Bankruptcy filing fee not knowing that I had already paid on it and Judge Gasparini had given me until October 31, 2025 to pay the balance which was paid on October 31, 2025 and if she would've have checked like she always states that she finds out about my filing thru the court well then she should've seen what was going on with my filing fee. To make things clear I'm not confusing my Appeal with any court I know what Appeals I'm filing and to what court, so I don't take to kindly that she's thinks I'm stupid, I'm well aware of my Appeal filing in the Bankruptcy Court pertaining to my Chapter 7 and I'm aware of my filing to Reinstate my case in the Appellate Court. Morgan R Dunn Keeps saying the same things over and over about my Chapter 13 case being dismissed by the court like the court just did it on their own, I requested for it to be converted over to a Chapter 7 after the automatic stay was lifted and if it couldn't be done then could it be dismissed without prejudice so I could file a Chapter 7 and it was granted now she has me repeating myself I also sent over the request that I had hand written to the Bankruptcy Court which she has a copy I'm not understanding why she keeps trying to make it seem that it was done for no reason I requested it.( case# 25-01225-jd) which I also provide this court a copy of the hand written notice. If Morgan R Dunn knew anything about the Appeal court, they don't do filing installments nor do they have electronic pay online like the Bankruptcy court does, but then Morgan R Dunn says that I don't provide facts well right here provides that she doesn't provide facts either so it's not a conflict of the letter from September 24, 2025 I just like how she can tell the court about conversations that I've had

with court staff when she wasn't even their and if the calls are recorded she will see that I'm not alleging anything about talking to court staff I just didn't provide names, and I would like to hear where I blamed the court staff I only stated what I was told just like this morning when I was speaking with Ms. Spencer and I mentioned this part to her and yes Ms. Spencer did say that they do talk bankruptcy into consideration. Now as far as Morgan R Dunn how she says she wasn't made aware of my filing until November 3, 2025 a Deficiency Letter from the court one thing Morgan R Dunn needs to realize and she should already know this is when deficiency letters are sent out there is a date on it so I don't have to jump right then and there for her. I send Morgan R Dunn emails on when I file things, it was at one time when I was mailing copies to Morgan R Dunn she was saying that she wasn't getting any mail so I started taking pictures of the envelope with the stamp on it before I put it in the mailbox so I started emailing her that way she couldn't say that she didn't get it because emails don't lie like people do. I emailed Morgan R Dunn about my answer and cc it when I filed it in the court of appeal. I will also be emailing and sending Morgan R Dunn a copy of this on November 18, 2025. How dare Morgan R Dunn say that I'm being blatant she needs to choose her words wisely .
