The Honorable Patricia A. Howard  
Clerk of Court  
The Supreme Court of South Carolina  
1231 Gervais Street  
Columbia, SC 29201

**Re: D.R. Horton Litigation  
Appellate Case No. 2025-001702**

Dear Ms. Howard:

In response to the Court's letter dated October 20, 2025, please find attached a spreadsheet identifying all cases filed to date against D.R. Horton that involve the same arbitration clause at issue.

Since D.R. Horton's October 24, 2025, correspondence, several additional cases have been filed. As previously noted, we anticipate that new filings will continue as this litigation develops.

Pursuant to Rule 1 of the South Carolina Rules of Civil Procedure—which provides that the rules “shall be construed to secure the just, speedy, and inexpensive determination of every action”—we respectfully request that these matters be assigned to a single judge. Without such consolidation, different judges have and will continue to issue inconsistent rulings on the identical arbitration issue, resulting in procedural inefficiency. This risk is compounded by D.R. Horton's interlocutory appeal rights, which can produce divergent procedural postures in related cases. D.R. Horton's own letter acknowledges this inefficiency, noting cases currently in arbitration, stayed, or on appeal. *See* Letter of October 24, 2025.<sup>1</sup>

Our request seeks simply to reduce the burden and cost of this litigation for both the parties and the Court. We appreciate your and the Chief Justice's consideration.

---

<sup>1</sup> Notably, only one Court has ruled that the arbitration clause at issue is enforceable; the others proceeded by consent to avoid delays created by the automatic appeal provision.
