S.C. SUPREME COURT

I Lorenzo Youngs state the following facts are true and I am competent to testify and have personal knowledge of facts contained in this Affidavit.

My counsel submitted a petition for writ of certiorari indicating my appeal is without merit I disagree. Due to the fact my trial counsel and PCR attorney failed to investigate my Alibi defense and facts to support the evidence in this case was not overwhelming I had to conduct my own independent investigation to support my claims. A further investigation will prove the following

1. Alibi witnesses informed Investigator that was hired by my first attorney Courtney Gibbs that I was with them during the time this crime was committed. Also that they gave the Investigator the location of where we were. This location would have been within the General Area of the tower the state Allegedly told my trial attorney my phone connected to, Cell Phone data (CLSI) evidence was not admitted in evidence
2. Jail records will show I was never housed with 2 of the snitches who testified I was during the time I allegedly confess.
3. Trial Attorney was aware of other Alibi witnesses who would have Corroborated my defense on me leaving my Allegee Alleged co-defendant home, prior to crime being committed.

4. Trial counsel was aware of leads that would have proved my time-line of events but decided to abandon these leads which would have proved my Innocence or gave the jury reasonable doubt.

My appeal has merit. My trial was unfair and courts recognized this. My trial attorney and PCR attorney was ineffective on the representation for me.

Being my Trial attorney testified to losing important case notes and cant recall investigator findings the effect of his representation for me prejudice me to having a fair trial so the court shall respectfully consider my opinion/facts about the findings and reverse my conviction for new trial or send to appeal court

I Lorenzo Young Solemnly declare and affirm under the penalties of perjury, that the foregoing affidavit is true and correct to the best of my knowledge, information and belief

Lorenzo Young
