Appellate Case No. 2024-000420

## ORDER

---

On August 6, 2025, Respondent filed its initial brief. On September 8, 2025, Appellant filed a motion seeking to strike Respondent's initial brief, requesting certain matters be preserved for appellate review, requesting all matters designated in Appellant's designation of matter be included in the record on appeal, and for leave to correct any errors in Appellant's brief. Respondent filed a return, opposing Appellant's motion and seeking sanctions and to strike Appellant's April 29, 2025 designation of matter. Specifically, Respondent argues items 5, 6, and 8 are not properly before this court because they were not presented to the circuit court. Appellant did not file a reply. After careful consideration, Appellant's September 8, 2025 motion is denied. Additionally, Respondent's request for sanctions is denied; however, Respondent's request to strike matters 5, 6, and 8 from Appellant's April 29, 2025 designation of matter is granted. *See* Rule 210(c), SCACR ("The [r]ecord shall not, however, include matter which was not presented to the lower court or tribunal."). Within ten days of the date of this order, Appellant shall serve and file an amended designation of matter omitting items 5, 6, and 8.
