THE STATE OF SOUTH CAROLINA
In the Court of Appeals

Appellate Case No. 2025-002132

APPEAL FROM CHARLESTON COUNTY
Court of Common Pleas

The Honorable Bryan Doby, Circuit Court Judge

Cynthia Veronese
Appellant

v.

Jarrel Wigger, and Wigger Law Firm, Inc.
Respondents

MOTION FOR EXTENSION

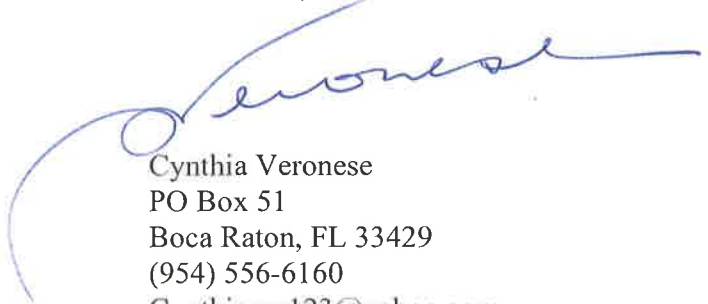

Appellant, Cynthia Veronese, hereby moves this Court for an extension of time to submit her Brief and Designation of Matter to be included in the Record on Appeal, as she has been ill for the past sixty days, and a bronchopulmonary infection caused an interruption in her efforts to submit the documents to this Court on time. Her first visit to the emergency room was on October 4, 2025, and the second on November 17, 2025. Her doctor's notes are attached.

On November 12, 2025, this Court granted an extension of the original due date until December 5, 2025. No prejudice or significant delay will result from the granting of this requested brief extension. In addition, the Court may likely grant the Appeal.

Therefore, the Appellant submits this Motion for Extension to request that the deadline for submitting the brief and the Designation of Matter be extended by 30 days, as she is demonstrating "good cause". Rule 240(a), SCACR. See *In the Matter of A.G., A.G., and H.G., Youths in Need of Care (2025)*/ No. DA 25-0466/ Supreme Court of the State of Montana. The Appellant is submitting this motion within the deadline and does not anticipate that additional extensions will be necessary.

Respectfully submitted,

December 5, 2025
