SC Court of Appeals

Dear Mrs. Kitchings,

I was advised through my Appellant Attorney Mr. David Alexander, to send this letter to the courts concerning my case.

As you probably are aware of, I was sentenced to life in prison on January, 13th 2025 in Charleston County by Judge Frank Addy.

In my Anders Brief that was sent to me on October, 28th, Mr. Alexander found some statements, that was made by the witness that the courts errored in trial.

Also during jury selection, one of the jurors stated to Judge Addy, that his wife worked downstairs in another courtroom, but this juror was still chosen to be on the jury panel.

The state violated my rights, because I had sat in the county detention center for 4 1/2 years and had not been indicted until 2024, in which I was arrested and charged in June, 2020.

However ma'am I'm asking could you please look into my case thoroughly letting me know if I have grounds to file a P.C.R.
Please help me if you can.

Thank you for your assistance.

Sincerely,

Mr. Kenneth Dawson #137866
