Dear South Carolina Court of Appeals,

As of this date I have not received transcripts for either of the above cases. I asked for the transcripts sometime back in July of 2025 and it's still not received them I asked that the appeals court intervene to get the court admissions to provide me an estimate of what the transcripts would cost and to tell me when they could have them ready. I have called, asked, emailed, filled out forms and got no response. If you could please find out why there's such a long delay in the transcript I would greatly appreciate it.
