

The South Carolina Court of Appeals

The State, Respondent,

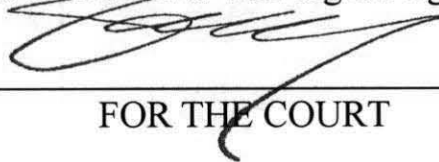

v.

Quantas Mortee Green, Appellant.

Appellate Case No. 2025-000582

ORDER

On October 29, 2025, counsel for Appellant filed a motion to withdraw the appeal, explaining he met with Appellant, "advised him of all relevant information," and was directed by Appellant to withdraw the appeal." Appellant was not served with the motion and no showing was made demonstrating that Appellant made the decision to withdraw knowingly, intelligently, and voluntarily. After careful consideration, the motion to withdraw the appeal is denied without prejudice to Appellant showing he is making the decision to withdraw knowingly, intelligently, and voluntarily, with full knowledge that he is forever waiving his right to appeal.
