Good Morning!

I've attached a Rule 605 request from FITSNews to cover the oral arguments in the Richard Alexander Murdaugh case that are scheduled for February 11, 2025. The request includes all of the equipment we typically seek to utilize when covering a hearing, but given the high-profile nature of this one, we will follow any specific instructions provided by the Court.

Thank you so much for your consideration of our request, and have a wonderful Christmas.

Sincerely,

Jennifer Wood  
Director of Research
