Good morning,

Seating will not be reserved for the oral arguments, and we recommend arriving early to secure a seat. To the extent that seating is not available, the arguments will be live streamed on ETV.

Sincerely,

Patricia Howard

Is there any paperwork to submit to try and get a seat for Alex Murdaugh's hearing in February? I host a podcast called Pretty Lies And Alibis out of Greenville and also work for Law And Crime network as a correspondent. Not sure if I need to get there in the middle of the night to wait or if there is a more formal process.

I appreciate your time.
