## MOTION TO STAY TRANSMISSION OF THE RECORD ON APPEAL

COMES NOW the Appellants and respectfully move this Court for an Order staying transmission of the Record on Appeal pending resolution of Appellants' Motion to Correct the Record.

Appellants have identified material inaccuracies in the Supersedeas Order and have properly moved this Court for correction of the record. Transmission of an inaccurate record would undermine the appellate process and cause irreparable prejudice.

South Carolina appellate procedure recognizes that accuracy of the record is paramount and that disputes regarding the content of the record should be resolved at the trial court level prior to transmission. See Rule 210, SCACR.

A temporary stay of transmission imposes no prejudice on any party and serves the interests of judicial economy, fairness, and due process.

WHEREFORE, Appellants respectfully request that this Court stay transmission of the Record on Appeal and direct the Clerk of Court to withhold transmission pending resolution of the pending motions.

# CONCLUSION

Review and Conclusion.

Appellants, after careful review of the Honorable Judge Murphy's review and report on the Appellants' exhibits and the writ of supersedeas, the Appellants object to Honorable Judge Murphy's review and report.

And the Appellants return the matter back to the lower court to review the errors and mistakes in Honorable Judge Murphy's review and report.

In Honorable Judge Murphy's order, the order is full of mistakes and defects.

And those mistakes, there are so many and they are serious mistakes, listing them as the following.

1) Honorable Judge Murphy did not write her report and review on the following exhibits.

Exhibit #1, filed on November 12, 2024.

Exhibit #2, filed on November 12, 2024.

Exhibit#3 filed on November 12, 2024.

Exhibit#5 filed on January 17, 2025.

About her review and report on Exhibit #4, filed on December 30, 2024.

On Exhibit#5, filed on January 10, 2025.

The report on exhibit#4 and exhibit#5 are full of defects and those defects are so many and very serious.

The Appellants have already listed them in the motion.

Also, about the review of her reports about the

Appellants' filing evidence and motions after January 21,

2025, until the June 23,2025 period. Hon Judge Murphy review

and report on the Appellants' evidence and motions filed after

January 21,2025, is inaccurate and full of mistakes and defects

and needs to be corrected. The Appellants did list all the filings

and motions that have been filed by the Appellants from the time

period of January 24, 2025, until June 23,2025

for the lower court to review & report with precise accuracy.

This section is part of the conclusion. The following pages and exhibits were filed by the Appellants for the January 21, 2025 virtual hearing. The total exhibits related to the Motion for Injunction consist of 6 exhibits.

Exhibit #1 was filed on November 12, 2024.

Exhibit #2 was filed on November 12, 2024.

Exhibit #3 was filed on November 12, 2024.

Exhibit #4 was filed on December 30, 2024.

Exhibit #5 was filed on January 10, 2025.

Exhibit #5 was filed on January 17, 2025.

The total number of pages submitted by the Appellants before the January 21, 2025 virtual hearing were 342 pages.

The Honorable Judge Murphy reviewed and reported on only 64 pages out of the 342 pages submitted by the appellants.

The total number of pages submitted by the Appellants from January 21, 2025 until June 23, 2025, which is the date the Honorable Judge Murphy denied the Appellants' Motion to Reconsider the Motion for Injunction, is 1,307 pages.

Accordingly, the total number of pages submitted by the Appellants from September 5, 2024 until January 17, 2025, which was prior to the virtual hearing on the Motion for Injunction held on January 21, 2025, was 342 pages

The total number of pages submitted by the Appellants from January 21, 2025 until the second Motion for Injunction, which was the Motion to Reconsider denied on June 23, 2025, was 1,307 pages total.

Therefore, the grand total of pages related to the Motion for Injunction from September 5, 2024 through June 23, 2025, is 342 pages plus adding the 1,307 pages for a grand total of 1,649 pages submitted by the appellants. Out of the 1,649 pages only a mere 64 pages were reviewed and reported on that related to the Motion for Injunction, by the Honorable Judge Murphy.

Out of the 1,649 pages the appellants submitted 495 pages to the Court of Appeals.

As a result, the Court of Appeals returned the Honorable Judge Murphy's order to the lower court for review and re-reporting on all those missing exhibits.

Accordingly, a total of 1,585 pages remain missing from the exhibit review.
