Thus failing to demonstrate standing to bring the claim in the first place. Not only is this fraud on the court by intentionally blackening out critical detail to hide information and obscure evidence, this is a violation of fourteenth amendment of due process. The use of the obscured and potentially fraudulent title with no affidavit that determines property rights, the fourteenth amendment requires fair legal proceedings, this implicates violating the due process. provide legally sufficient admissable evidence. The blackened out unauthenticated altered document is not sufficient as a matter and by law. The Respondents did not provide legal foundational evidence as required by law. The Respondents failed to provide statutory and common law standing that deprived the court of subject matter jurisdiction. The lack of proven standing is not merely a technicality but a fatal jurisdictional defect and void judgement. For the foregoing reasons stated above I move this court to vacate a void judgement. I request the court to grant my motion as aligned with the law to vacate the judgement in the lower court of Berkeley County Common Pleas case # 2024 cp 0803108

Presenting a obscured document to the court

court of subject matter. I am requesting
the court to vacate judgement.
