The Appellant respectfully moves for relief under **Rule 207, SCACR**, and states as follows:

1. Appellant appears **pro se** in fiduciary capacity as Steward Trustee of the STCJ Network Revocable Living Trust.
2. Due to misunderstanding of the timing requirements for requesting the transcript following the filing of the notice of appeal, the transcript was **not requested within the original prescribed period**.
3. Upon receiving the Court's deficiency notice, Appellant **immediately initiated corrective action** and has now formally requested the transcript from the court reporter. A copy of the transcript-request letter is attached.
4. Appellant has acted in **good-faith diligence** and does not seek delay or prejudice to any party, but only permission to proceed so that the record on appeal may be completed.

WHEREFORE, Appellant respectfully requests that the Court:

1. Grant leave under Rule 207 to allow the transcript request to be processed outside the original time period; and
2. Permit the appeal to proceed upon completion of the transcript.
