To the Court of Appeals,
Please accept this emergency submission of supporting evidence.. Over the weekend there were may new activities that need to be submitted to the court of appeals. The activity supports the Appeal and I would like to send it in as supporting evidence in addition to the Petition for Rehearing and Rehearing En Banc. I am trying to submit this information as an emergency submission due to the length of time that has passed prior to the discovery.

Thank You,

Joe Adams
