

# The South Carolina Court of Appeals

Attia Elbadawy and Lynne Chatlos, Appellants,

v.

D.R. Horton, Inc., Respondent.

Appellate Case No. 2025-001299

---

## ORDER

---

On November 17, 2025, Appellants filed a document titled "Notice of Evidence Tampering and Restore/Supplement Record; Request for Preservation Order, Referral, and Sanctions." On December 2, 2025, the court sent a deficiency letter, explaining that a motion must be filed if Appellant's wished for the court to take action.

On December 3, 2025, Appellants filed a "Motion to Preserve and Correct the Record," seeking to cure the deficiency noted by this court, preserve the issue of potential omissions in the record, direct the Dorchester County Clerk of Court to certify a complete, accurate record, and permit Appellants to submit stamped copies of missing filings for reconstruction under Rule 210(h) of the South Carolina Appellate Court Rules. Respondent did not file a return.

After careful consideration, we take no action on the requests to preserve the issue of potential omissions in the record and to direct the Dorchester County Clerk of Court to certify a complete, accurate record. To the extent Appellants seek guidance regarding what may be properly included in their designation of matter for the record on appeal, we refer Appellants to the South Carolina Appellate Court Rules. *See* Rule 209, SCACR (providing guidance on designating matter to be included in the record on appeal); Rule 210(c), SCACR ("The Record shall not, however, include matter which was not presented to the lower court or tribunal.").
