SC Court of Appeals

Hello South Carolina Appeals Court,

I am responding to your request for additional information in regards to my transcript requests that occurred on July 2025 shortly after I filed the notice of appeal from hearings in oconee county May 14th 2025. Requests were made for two transcripts for both Pierce versus foxwood hills POA and also Chris Pierce versus Linda Tori. At that time in July at this time both cases they've been no transcripts delivered or no communication from Court administration about the transcript progress even though I contacted Court administration in September of 2025 and was referred to somebody who never returned my phone calls. I believe the name was Diane. And she never returned my phone calls and I called several times I started calling every month but I've given up lately because nothing there's no communication whatsoever from them. I need the appeals court to intervene to ask them why they are not sending me you know " cost why there's such a delay because normally after 60 days there you know they're late in delivering the transcript. Therefore I need the South Carolina appeals court to intervene and ask Court administration why there's a delay I have no idea why this has gone beyond 60 days I have not had any communication from Court administration. As I said I called them multiple times and I properly filed a request through the portal that they have online and they verified at court administration they had received that but yet nothing's being done so I need the help of the South Carolina appeals court to somehow expedite them to get a quotation to me on these two transcripts so I can move ahead with my cases I'm ready to write my initial brief but I can't do it without a transcript. Thank you for your assistance and your inquiry
