Const. Art. XII, § 1; MATTER of Public Concern;

(xxxx): ARGUMENT; STANDARD OF REVIEW:

(i): Rule 4 S.C.R.C.P. Serves at least two purposes: It Confesses Personal Jurisdiction on the Court and assures the defendant of "Reasonable NOTICE" of the Action. *Id.*

Exacting Compliance with these Rules is not required to effect Service of Process. Rather Inquiry must be made as to whether the Plaintiff has sufficiently Complied with the Rules such that the Court has Personal Jurisdiction of the defendants and IF the defendants have Notice of the Proceedings, SEE: MARY JOE MOORE and Charlotte Ann. Smith, appellants, v. DAVID E. SIMPSON, individually and Kimball, Dove and SIMPSON, a Partnership, including Professional Associations, and Bayles B. MACK, individually, and Barron MACK, a Partnership, including Professional Associations, Respondants;

IF appellant Shows good Cause for the failure, the Court must extend the time frame for Service for an appropriate Period; Harrison v. Elite Quartz manufacturing, L.L.C.:

~~IF appellant Shows good Cause for the~~

A Court Possesses Discretion to Grant appellant an Extension of time to Serve a Defendant with the Complaint and Summons even "abstract" a Showing of Cause by the respondent for Failing to Serve the defendants during the time frame provided by the Rule, SEE: Glen v. Shuman, 35 F. 4th 212, 220 (4th Cir. 2022). Pursuant to the S.C.R.C.P. Rule 4(c): Service by all other means of Process shall and can be made by any Person designated by the Court where Authority is acting under Color of State Law deliberately deciding to Punish a Person by restraining that Person and Inflicting

(xxxx): ARGUMENT: STANDARD OF REVIEW:

(i) appreciable Physical Pain the Fourteenth Amendment Liberty Interest are implicated.

Unsuccessful attempts to serve process are documented in accordance with the same guidelines defining diligent efforts from within S.C.D.C. about 18 within the Governmental entities responsibility of efforts to fulfill appellant's endeavors and request pursuant to rule 4(d)(8) S.C.R.C.P. and to include and not be limited to enabling appellant to send checks to enable payment and filings for motions within the time frame exhibits and court recorded transcripts of which governmental entities and employees must enable their signatures to enable payment to the courts within the timeframe.

ARGUMENT: STANDARD OF REVIEW:

(ii): pursuant to Appellant's Constitutional amendment rights appellant's privileges and immunities and rights are being abridged by denying appellant the Equal Protections of the law pursuant to the Code of Regulations and S.C. Code Ann 1976, entitling appellant to a lawful and proper investigation into appellant's complaints and allegations and has denied appellant the Equal Protection of the laws and Due Process of the law that appellant's Fourteenth Amendment Liberty Interest are implicated. The State and Federal Government cannot deprive an individual of the property or Liberty interest for ~~any~~ reason which are irrational or or ~~any~~ arbitrary, see: MARTINEZ v. CALIFORNIA, 444 U.S. 277 (1980);

(xxxx): ARGUMENT: STANDARD OF REVIEW:

(iii): Medical Malpractice is a Category of negligence, the Distinction of between a medical malpractice claim and a claim is subtle, there is no cause of action separating the cause of action, SEE: ESTATE OF FRENCH V. STRATFORD HOUSE, 333 S.W. 2d 546, 555 (Tenn 2011),

Rather different between the two types of claims depends heavily on the facts of each individual case, in a medical malpractice action, expert testimony is required to establish both the duty owed to the patient and the breach of the ~~breach~~ duty unless the subject matter of the claim falls within a layman's common knowledge of experience; See: Dawkins v Union Hospital District, 408 S.W. 2d 171, 758, S.E. 2d 506 504 (2014), and Kujawski v Arbor View Health Care Ctr., 139 Wis. 2d 455, 407 N.W. 2d 249, 252 (1987).

ARGUMENT: STANDARD OF REVIEW:

(iiii): Courts usually uniformly hold that notwithstanding the general immunity to corporate owners engaging in business through a corporation entity, if an owner or an employee of the corporation actually committed the tort for which the liability is imputed to the corporation - the individual is jointly liable and accountable for their wrongdoing, even if the grounds do not exist for piercing the corporate veil, Hoover, supra, 84 F. 3d at 1411, the court specifically noted a corporation official is jointly liable with the corporation when the wrongdoing was attributed to culpable intent or

(iii) bad Faith on the Part of the OFFICER, or ... Personal
Commitment of a Fraudulent or Grossly negligent Act.
