

SOUTH CAROLINA COURT OF APPEALS

CASE No: 2025-001299

January 9, 2026

Status of Transcript and Request for Extension

Filed/Submitted: November 17, 2025

Dear Clerk of the Court of Appeals,

We are writing to provide a brief status update regarding the transcript referenced in the notice sent today and the associated 10-day timeframe.

The transcript from the lower court is currently in dispute. On **November 17, 2025**, the Appellants filed a motion in the lower court requesting that the actual audio recording of the hearing be reviewed and heard. We have formally objected to the accuracy of the transcript, as it is materially inaccurate and does not faithfully reflect what occurred during the hearing. Portions of the record appear to be altered or omitted, and exhibits are missing, which directly affects the integrity of the appellate record.

Because this issue concerns the accuracy and completeness of the record on appeal, we are awaiting the lower court's ruling on the pending motion regarding the audio and transcript. Until that motion is resolved, the transcript cannot be relied upon or finalized for appellate purposes.

Accordingly, we respectfully request an extension of time related to the transcript while this matter is addressed by the lower court. This request is made in good faith to ensure that the Court of Appeals receives a complete and accurate record.

Please let us know if any additional information or documentation is required at this time.

Respectfully,

Attia Elbadawy
Lynne Chatlos
Appellants (Pro Se)
