Good Afternoon,

Since November 12, 2025, Under the assumption that reasonable minds should be able to collaborate on plain, palpable, and indisputable facts. I have made multiple attempts to show that there is a genuine issue for an appeal. I have contacted the clerk of court as well as Brian P. Yoho on several occasions for a transcribable/verbatim record of facts, including a transcript prepared by a court reporter, audio recordings, or video recordings. I have been unsuccessful. To date, the court has provided a filed "Notice of Hearing" that allegedly took place on February 20, 2025 at 10 a.m. Counsel has responded with a "Motion for Substitution of Counsel", "Notice of Appearance", and a "Motion for Extension of time" to file Respondent's initial brief. Unfortunately, Brian P. Yoho, who allegedly attended the February 20, 2025 hearing, who provided potential testimony and evidence, which The Honorable W. Haigh Porter, Master-in-Equity relied on in his subsequent findings, rulings and judgements, is under an unusually heavy workload.

As an alternative, I have prepared the attached settled statement for review, that outlines the critical elements of the case pertinent to the issues being appealed. It is my hope that this statement will provide a clear and concise summary of the proceedings. Also, as the clerk of court and counsel have been unresponsive in my requests, I ask the Court of Appeals to intervene so that this appeal can move forward and prevent an adverse effect on the public interest by The Honorable W. Haigh Porter, because these same actions are likely to continue to occur absent deference. Also the Respondent's company procedures create a potential for repetition of unfair, deceptive acts.

Please see attached Initial Appellant Brief and Proposed Settled Statement that will be sent via US Mail to Respondent today Jan 5, 2026.

Best Regards,
