To the honorable judge, this is in refer to Andria Bucknor v Charles Patterson. I never received a letter for the hearing which was held on June 6, 2023. I am asking the court to reconsider the dismissal. There is no proof that the letter was mailed. I am also asking for the case to please be put back on the docket to heard. I requested that this case be heard in a higher court because things were done very inappropriate in the lower court. It's not my fault that I never received the letter. This court has mailed the court hearing to the wrong address before. It could have been mailed again to wrong location. I also was emailed and told case was heard at 11:30 am and to come and be told case was at 9:30 a.m. it's possible with all the contradictory information it was probably was a mistake with notice being mailed out. I also called numerous times to get an update and left messages and to not get a returned. Please the honorable judge take this into consideration. I did not receive any notice. If this is granted please send information certified? Thanks in advance.

You have to file this with the court either by mail or in person. All filings must be handsigned as well.

There is also a \$25 filing for this because it is considered a motion to reconsider.

You cannot make this filing by email.

Ok. I have called you and left voicemail. Why haven't I received a call back? 2562025873. Why do I have to pay for something when I never received a court notice. I thought I filed the pauperius was it denied or approved?

Ms. Bucknor:

I tried to call you three times this morning. The phone never rang on your end and there was no way to leave a message. I see that you have called twice this morning but I am in court and will be here most if not all of the day.

I am the only one in my department at this time so it is very difficult to get me on the phone.

You are right in that you do not have to pay the filing fee when filing anything in your case. However, you cannot send an email to do so. You have to submit something typed or written and sign the document.

If you are trying to file a Motion to Reconsider that Order regarding your previous motion to reconsider on 2022CP3201998, you cannot do so. An order on that motion to reconsider has been filed. So that case is ended in our system. If you are not happy with the judge's decision, you need to file an appeal with the SC Court of Appeals.

Email is the best way to communicate with me. I will be short staffed until September, which means I will be in court most days and weeks.

The proper procedure is to now file an appeal with the SC Court of Appeals, not a motion for reconsideration of the order regarding the previous motion for reconsideration.
