Good day,

First, double-checking, will the Supreme Court of South Carolina allow cameras in the courtroom for the appeal hearing on Feb. 11, even though it will be aired on ETV?

We are discussing today whether we want to send a full crew or a reporter only to sit in on the hearings.

Second, is the SC public index and rosters sites down?

I have not been able to access since yesterday morning.

We tried all sorts of things, clearing cache, different browsers, etc with no luck.

Thank you,

**Jes Rogers**
