January 27, 2026

I'm running to you in regards to correspondence I received from you on the 9th of January asking for written information about efforts for transcripts. All I have for records is the portal request in writing that court administration had verified that they had received. All my efforts after that involve phone calls contact with the appeals court by phone to complain that I hadn't gotten the transcript various days I don't have dates but I continue to check some of the the records are in the in the transcript for that particular case above. I know I contacted the appeals court in September to complain and I also contacted Court administration. And they put me on hold and then they said they'd transferred me to somebody I left a message they never got back to me. So I've I've done my due diligence of contacted them I went through the portal to request the transcripts I followed up with phone calls and they don't get back to me. Therefore I need the assistance of the appeals court to tell Court administration to kindly provide the transcript for the above case dated May 14th 2026. The only written record is the actual portal request to the court administration which they say they received at least they say so on the phone. Thank you for your assistance..

I am also writing today to request reinstatement of the case Piers versus Linda Torri. The case was dismissed due to procedural filing issue related into an informa pauperis request. I would like to go ahead and pay the \$250 filing cost and to continue on with the appeal and I also file the request for transcript with court administration on that case too.

Thank you for your assistance,

Christopher Pierce
