CLERK OF SUPERIOR COURT
BETH LEVINE

I do not feel like I owe the money that they say that I owe because the simple fact is, I have been asking for last three years to fix my floors in my house that come from the water damage and I have holes in my floor so and I had to get someone to fix it for me I have roof damage in my house that and denying me and denying me I respond to September 3, 2025 and I also made a payment to them September 2025 they know that I have been in the hospital in February 6, 2025 where I have been given my money to my daughter Shawanna White and I did not know that she was not paying my mortgage for me I had surgery on my back in February where I have rods and screws in my back. I explained that to them and I could not work and I still can't work so I'm waiting on my disability. I do the best that I could do for me and my 15 year old daughter and my 14 year old daughter and if they put me out my house me and the simple fact is only get six something a month I don't feel like this is right I can't work right now and the doctor say that I could do and I did respond to them and I'm not understanding why are they doing this? I sent them a payment ~~to~~ 1/9/16, 2025 I don't feel like I owe the money that they say that I owe and they need to fix this water damage and do this because my daughter-in-law wants to sue them. Cause she fall through the floor and they don't wanna pay her.
