Response to my Appeal Not Being dismissed

When I Djuan Holland filed my appeal on the judge order I sent an a copy to the appeal courts then I received a notice about the appeal fee not being paid I called the Appeal Court and spoke with a staff member about it and was told that I didn't have to pay it because of my bankruptcy status and to wait that's what I did now I got a notice because the fee wasn't paid my case is gonna be dismissed, I only did what I was told by your staff member and if I was given the wrong information regarding it that's not my fault. Also I received notice from Morgan R. Dunn stating that my Bankruptcy fee hasn't been paid well if Morgan R Dunn had did her homework she would've known that I had paid $175.00 on the fee and the judge gave me until 10/31 to pay the balance of $163.00 which I did pay it. Also I have 21 days to pay the appeal fee that I filed on the judge order. The Appeal has already been sent. It was transmitted on 10-23-25 to the Honorable Robin L. Blume. Therefore I requesting that my case isn't dismissed Based on this evidence

Thank You

Djuan Holland
