Good afternoon. I just wanted to notify everyone that I had to put my money order for January's rent in the drop box yesterday at 3:27pm because the office was closed for whatever reason. However, I went to pick up my receipt today, January 6, 2026 and ask Ms. Brenda Lawson to sign off on it and she decided to scribble lines for her signature (unprofessional). Also, the date on the paper states January 6, 2026, but my rent was in on the 5th. As you can tell by the money orders, they all are dated for January 2, 2026. I have enclosed evidence of everything I am stating and would gladly appreciate if you all would deal with this matter, expeditiously. Thank you!
