Hello,

On Tuesday January 6th I received an order with a signature that cannot be verified to be any living person or entity as it does not include a typed version of the person's name.

If the person who signed the document that I was given on Tuesday is not a judge, they would be committing a crime of the unauthorized practice of law as well as possible forgery, or impersonation of a judge. Judges, legally speaking, are the only persons within the judicial system who can create and sign an order. This includes decisions in regard to IFP status.

Should I not receive an email response by Monday at 5:00 p.m. I will be filing a formal motion.

I pray that someone in the clerk's office would consider what would Jesus do in the situation? Are you doing the next right thing? Are you acting in good faith? Are you abiding by your oath to the constitution?

How do we change the world? One act at a time. What kind of world/karma are you leaving for your children?

Every single human being on this planet will need to make a choice. Either to move forward in truth or to continue with deception and/or ignorance. The choice is yours but the separation has begun.
