I am submitting this letter from the United States Postal Service as evidence that I did not receive important mail related to this case. The letter shows that USPS keeps removing all mail out of the box, because the majority of it was addressed to previous tenants even though I've told them those tenants no longer live here. As a result of this they keep removing all mail even the ones addressed to me.

This demonstrates why I was unable to meet certain deadlines and did not receive notifications that were sent to me. I respectfully request the Court consider this as supporting evidence for my filings. Also there are screenshots of prior communications via email
