I, LORINE JACKSON have some concerns about my case #2024-001739. I made ready myself to be in the area during the last week of January but weather has the final say so. THE final brief State NON-VERBAL without ORAL arguments during the January term, 01-2026. THERE HAVE BEEN NO NEW information in the past sixteen (16) months for this case. Now it is FEBRUARY 2026 and physical abilities are increasing. THE property I carried alone > 40 years is my retirement alone. PLEASE stick to what was promised OR AS close to it as possible during this month of FEBRUARY 2026. THESE ARE very hurtful lies which have held my life up since 2016 but was always found to be my property. THEY INTENTIONALLY Lied together to bring this to several courts in Spartanburg County and now there in Columbia, SC (*Intentionally - correct spelling) For 10 years they have Lied I need to start living that is the reason I worked so hard, to have in my ELDER YEARS

Respectfully,
Lorine Jackson
Thank You!
