Judge,

SC Court of Appeals

I do NOT KNOW how to SPEAK with you like A LAWYER but, I hope to SAY my CASE in Simple, Acceptable terms to you.

I, AFTER SEVERAL WEEKS OF TRYING TO REASON with this NURSE in question here today ABOUT her NOT giving me my medication FOR my MENTAL illness I, in FRUSTRATION, put the RIM OF the pill-cup AGAINST the window AND allowed the pure water in it to RUN down the window. IN PROTEST. the OFFICER, Lt. Thompson, observed what I AM SAYING AND, wrote it in the INCIDENT REPORT that, I AM enclosing. The PRECEDENTS used by MS. MATTHEWS, AND, MS. JOHNSON, ALL have to do with my NOT losing "GOOD-TIME", here in PRISON AND, other EXAMPLES OF, I believe, irrelevant CASE history. I exposed the NURSE FOR FAILING to put my, ~~60~~ NAZEPAM (A popular drug) in the pillcup (I know what it looks like when in the water AND, I know how my mind AND body feels if its given me) AND she lied ABOUT what I did in order to shut me up. MS. JOHNSON, ALSO lied on page # 2, lines # 16-20, to keep FROM admitting that I WAS FALSELY CONVICTED AND, Reversing it. It's what I ASK you to do today please, REVERSE it, because its a lie, I did NOT throw ANYTHING through ANY window. I HAVE a witness. This most serious CONVICTION will AND, has adversely EFFECT me AWFULLY. Please RETURN these COPIES with your ANSWER, I could NOT get to a COPIER. Thank you, ~~Ala. State~~
