

The South Carolina Court of Appeals

Greenwood Mills, Inc., Respondent,

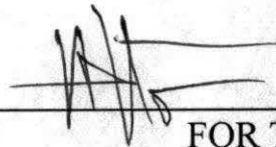

v.

Rodney White, Appellant.

Appellate Case No. 2025-000569

ORDER

On January 27, 2026, Appellant filed a motion for relief, asking this court to vacate the November 22, 2024 order granting partial summary judgment, "[v]acate the rulings arising from the bifurcated November 27, 2024 counterclaims hearing," "[r]emand this matter with instructions that the parties be returned to their prior positions under the governing 2003 contract," and "[d]irect that any further proceedings occur only after a full hearing on the merits." On February 6, 2026, Respondent filed a return, opposing Appellant's motion. After careful consideration, we deny Appellant's motion. This court will address the appeal after full briefing by the parties.
