Re: Cynthia Griffis v. Cherry Hill
Appellate Case No. 2013-001407

RECEIVED

NOV 27 2013

SC Court of Appeals

Dear Ms. Kitchings,

This letter is to memorialize our understanding as to the Order filed on November 13, 2013 in the above-referenced matter, and follows a telephone conversation between my associate, Richard H. Bateman, and court staff on November 20.

It appears that the Order contains scrivener's error. Contrary to what is written in the order, the Respondent filed a Motion to Strike Certain Matters from Appellants' Designation of Matter and the Appellants filed a Motion to Amend Appellants' Initial Brief and Designation of Matter. Based on this construction, it would appear that the Respondent's motion is denied and the Appellants' motions granted. This interpretation was affirmed by court staff during the November 20 telephone conversation.

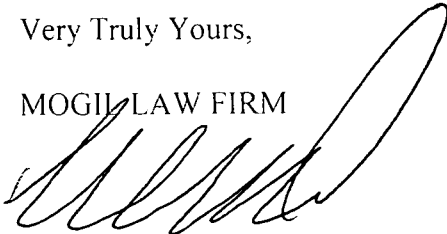

Court staff further indicated that the deadline for service of the Record on Appeal is now December 3, 2013, and the deadline for filing of final briefs and the Record is twenty days thereafter.

To the extent that it may preclude further expense and delay, in the event that any objection to our interpretation of the Court's Order arises, we would respectfully request that the Court issue an Amended Order to correct the scrivener error.

Thank you for your attention in this matter.

Very Truly Yours,
